"…and so, after the Rain of Colorless Fire, the One-Named-In-Whispers ascended to the Spider Throne. In the third year of his ascendancy, Burgred, King of the Mara, refused the tribute of heads the Whispered One demanded. The One-Named-In-Whispers took only himself and Kas, his evil counselor, and devastated the land of the Mara with his magic. Burgred paid with his own head."

"Upon their return, Kas struck against his master, so that he might become the master of the Spidered Throne. In the end, both were slain and good people rejoiced."

"It is said that not all of the evil lich was destroyed. So great was his power that his Hand and Eye have lived on, working evil over the centuries…."

Looking forward to some old school gaming!

This page will show you more information about the game, the minimum number of players required for the game to proceed and allow you to book one or more tickets. In most cases you will only book one spot. If you allow each player to book their own games they can easily access their schedule at any time.

You will receive an initial confirmation on screen that the system has received your booking. You should also receive an email notification.

Bookings

Booking successful, pending confirmation confirmed).

Your participation in the game session is not confirmed until the Games Master approves your booking. This can take several days as we allow the Games Master to manage their own approvals and sometimes real life might cause a delay in approving your booking.

If your booking does get declined for some reason don't panic and don't get upset. The GM may have received more bookings than he has space for or may have had to alter the event or some other issue may have arisen. With so many games on offer you should be able to find another suitable session.

You can manage your bookings – including cancelling your booking for a particular event by clicking **Events -> My Bookings**.

Please ensure that you have the following before FG Con starts.

- Install and Update [Fantasy Grounds](#)
- Purchase a headset and mic (this is really important)
- Install and test your [TeamSpeak](#) client against the community server (server: **teamspeak.fg-con.com** password: **Dungeoneers**)
